Jeff – attached is the PA with my review and comments (redlined on your version).

Be glad to discuss if you have any questions or concerns.

Best,
Nicole

Jeff – Absolutely. Thanks for sending along.

I will aim to review today and get this back to you as soon as possible. Would early next week be okay for my comments and review?

As to Dr. Hargett's question about pre-release review of the document – your inclination is correct. The Agency may not provide him with a draft, non-public version of the PA. But we can of course make sure that he receives a copy of the final PA as soon as it is complete.

Thanks!
Nicole

Nicole,

Attached is the Draft PA for the Conestee Site. I have provided my comments. Can you please give the report at review please?

We had a discussion with Dr. Hargett this morning and updated him on the status. One question that he had was that he wanted to review the document prior to us releasing it. I told him that was unlikely, but that I would check.

Basically the report states that we will need to do an SI in order to sample the likely sources. I will be editing the final paragraph of the conclusion section to remove the specific scoring information. This will be handed by the state. Thanks!
